

Protocol amendment to
STUDY ON MEDICINES ACCEPTABILITY IN CHILDREN
Norwegian sub study

Protocol amendment no 1 – 30-03-2018

Project group

Another member has been added to the Norwegian research team:

Solveig Engebretsen, PhD-student, Oslo Centre for Biostatistics and Epidemiology, Faculty of Medicine, University of Oslo, E-mail address: solveig.engebretsen@medisin.uio.no

Data storage

It has been confirmed by ClinSearch that the IP-address of users connected to the site <https://www.accept18.org/no/> will not be logged or identified. The ClinSearch server and application will be programmed to be blinded to the IP-addresses of participants to the study.

Based on this confirmation NSD, Personvernombudet for forskning, has assessed the study to be based on anonymous data and not subject to the duty to report on collection of personal data

APPENDICES

- Confirmation from ClinSearch
- Evaluation by NSD
